PREFACE

These genealogical abstracts were compiled from microfilmed copies of the original Rock Island newspapers for 1870, ordered on inter-library loan from Springfield.

I have included all items of genealogical interest - births, marriages, deaths, anniversaries, birthdays, visits of out-of-town relatives, marriage licenses, jury lists, society officers, divorces, court proceedings. The only major item of genealogical interest not included were the lists of Letters at the local postoffices. Not only where these lengthy, but each contained many typographical errors, making positive identification of the persons involved difficult.

Items from surrounding counties were also included, when they were mentioned in these Rock Island papers....from Scott Co., Iowa; and from Whiteside, Henry, and Mercer Counties in Illinois.

An every-name index follows, with those more common surnames also indexed by given name.

Copies of this manuscript can be found with the Genealogical Library in Salt Lake City, Utah; at the Fort Wayne Public Library in Indiana; at the Denver Public Library in Denver, Colorado; and in the Moline Public Library in Moline (Rock Island County), Ills.
